

Addendum to SKS's Ongoing Plan For a Healthy, Secure and Safe School Community

The climate with-in-which we find ourselves is fluid and changing almost daily to say the least. Rather than to make changes to the published "Ongoing Plan" we decided to make any changes or additions to the plan by way of an Addendum to the already published information.

Please note that changes happen quickly. You should check the school's website, Covid page daily for up-dates and changes. Please also remember that some of the information shared here comes from several different sources; CDC, Federal Government, State Government, City Government, the Archdiocese of Philadelphia and finally SKS. Often what we will share will be directives that are not open to discussion or interpretation. We ask your cooperation in enforcing these directives for the good of your children and the safety and health of his or her teachers and classmates.

***We have been notified by the Archdiocese of Philadelphia and the Commissioner from the Department of Health, **all students 7 years and older** are now required to wear face masks throughout the day. Children will be given mask breaks throughout the day.

We will publish all changes under the section COVID-19 on our webpage:
sksphila.org

Stay safe,

Mrs. Tanghe
